

FORM F: DESCRIPTION OF TARGET POPULATION

The applicant should use this form to describe the target population that will receive project services, the health status of the target population relating to the public health issue that will be addressed, and the gaps and barriers relating to the essential public health services provided to address the public health issue. Multiple data sources and assessments exist for many communities. The applicant is encouraged to utilize these resources when completing this form. Address each of the assessment areas listed below. Limit two (2) pages. Applicants may delete the instructions (italics) if additional space is needed.

Name of Applicant_____

Location of target population: *(neighborhood, city, county, school district, organization, etc)*

Approximate number and demographic breakdown of target population to be served: *(age, gender, ethnicity)*

General description of target population's health status relating to the public health issue to be addressed by the project.

Description of gaps and/or potential barriers experienced by the target population in receiving essential public health services to address the public health issue.
